Initiates new combinations of movement and gesture in order to express and respond to feelings, ideas and experiences. (EAD – BI 40-60)

Children represent their own ideas, thoughts and feelings through dance. (EAD – BI ELG)

## KS1 National Curriculum Aims

Pupils should develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They should be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.

Pupils should be taught to:

master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and coordination, and begin to apply these in a range of activities; perform dances using simple movement patterns.

## KS2 National Curriculum Aims

Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success. Pupils should be taught to:

develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics]; perform dances using a range of movement patterns; compare their performances with previous ones and demonstrate improvement to achieve their personal best.

Compete / Perform						
Control my body when performing a sequence of movements. Participate in simple games.	Perform using a range of actions and body parts with some coordination. Begin to perform learnt skills with some control.	Perform sequences of their own composition with coordination. Perform learnt skills with increasing control.	Develop the quality of the actions in their performances. Perform learnt skills and techniques with control and confidence. Compete against self and others in a controlled manner.	Perform and create sequences with fluency and expression. Perform and apply skills and techniques with control and accuracy.	Perform own longer, more complex sequences in time to music. Consistently perform and apply skills and techniques with accuracy and control.	Link actions to create a complex sequence using a full range of movement that showcases different abilities, performed in time to music. Perform and apply a variety of skills and techniques confidently, consistently and with precision. Begin to record their peers' performances, and evaluate these.
Evaluate						
Talk about what they have done. Talk about what others have done.	Watch and describe performances. Begin to say how they could improve.	Watch and describe performances, and use what they see to improve their own performance. Talk about the differences between their work and that of others.	Watch, describe and evaluate the effectiveness of a performance. Describe how their performance has improved over time.	Watch, describe and evaluate the effectiveness of performances, giving ideas for improvements. Modify their use of skills or techniques to achieve a better result.	Choose and use criteria to evaluate own and others' performances. Explain why they have used particular skills or techniques, and the effect they have had on their performance.	Thoroughly evaluate their own and others' work, suggesting thoughtful and appropriate improvements.
